12v 18ah battery lithium

FREE Delivery is available to Prime members. To join, select "Try Amazon Prime and start saving today with FREE Delivery" below the Add to Cart button and confirm your Prime free trial.

Important: Your credit card will NOT be charged when you start your free trial or if you cancel during the trial period. If you're happy with Amazon Prime, do nothing. At the end of the free trial, your membership will automatically upgrade to a monthly membership.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"... has worked great and is still being used today after 8 months. I also own a 30Ah unit from this company that is also true to its Ah rating...." Read more

"...Worked like a charm--in addition to the battery, I did need some terminal converters since the opener used F1 sized terminals and this battery is..." Read more

"...metal heavy type battery and this battery is the same size but super light and more powerful so it will last longer and also last many more years..." Read more

"...cal plastic ammo box with waterproof gasket, making a nice compact portable waterproof supply that's easy to carry and tie down to the kayak...." Read more

"Nice packaging with a cool water proof pouch for the manual that I might find a different use for. The manual is a nice card stock with large print...." Read more

"Only 4 stars as I have just received. It was packaged well and came with about 75% charge. Two sizes of terminal lugs included. Small in size...." Read more

"Out of the box, this battery appeared to be perfect. It charged up easily on my LiFePO4 charger, and provided plenty of amps to my Yaesu FT-710..." Read more

"...battery is the same size but super light and more powerful so it will last longer and also last many more years according to what I read, it should..." Read more

"...Well it didn't work. I called the tech support from the operator brand I have. They were only saying that they recommend the regular one...." Read more
