

14 kWh lithium ion battery

14 kWh lithium ion battery

A smart solution designed to power all your devices and big appliances in a medium-sized home. This system can work as a strong backup during emergencies or be a fully independent power source from wind or solar, which is great for bigger homes that want to generate their own power. It uses advanced tech for both the inverter and battery, and it's really affordable in the USA.

The 48V Off-Grid Home RHINO System can work with different power sources: AC, wind, solar, a generator, or whatever you like. It charges automatically when it's connected to shore power. It also has a special inverter that stops power surges in your home, so your gadgets last longer. This battery is very safe and needs no maintenance. It lasts 300% longer than old lead-acid systems and comes with a 10-Year Warranty for each battery pack.

Our standard shipping process ensures swift order fulfillment, with packages typically dispatched within 24 to 48 hours. Your estimated delivery times are as follows:

If you wish to update or change your shipping address, kindly email us your revised shipping details, and we will be more than happy to make the necessary changes in our system to ensure a seamless experience for your future transactions.

Once your order is shipped, an email containing your tracking number and a convenient link to monitor your package's journey will be promptly sent to you. Keeping you informed every step of the way is our commitment to exceptional service.

We take pride in our dedicated customer service team, poised and ready to address your inquiries between 8:00 AM and 5:00 PM PST. Your satisfaction is our mission, and we're here to assist you during our business hours.

While our advanced shipping system is designed to detect any incorrect addresses, we understand that changes may arise. Feel free to reach out to us via email or phone to provide us with any updates or corrections to your address. Your convenience is our priority, and we're here to assist you promptly.

We proudly ship to USA Mainland addresses. Due to the hazmat nature of our batteries, we are currently unable to facilitate international shipping. However, for our international customers, we do offer the flexibility for buyers to arrange their own shipping to their desired destination country. Your convenience and satisfaction remain at the forefront of our service.

As some of our packages may exceed standard shipping dimensions, your order may arrive in multiple packages. To streamline your tracking experience, we provide a Master tracking number, with each individual

14 kWh lithium ion battery

package's tracking number conveniently attached for your reference. Your order's safe and efficient delivery is our top priority.

Compare our lithium battery kits, available in configurations of 1, 2, 3, and 4 units, to find your ideal power solution. Explore their range of amp hours (Ah) and kilowatt hours (kWh) to make an informed decision.

WORLD'S THINNEST WALL MOUNTED BATTERY! BigBattery's 48V 14 kWh LiFePO4 RHINO is here and if you're looking to create a powerful solar or off-grid system, the RHINO is your answer.

The RHINO is not only a mere 4 inches thick, allowing you to discreetly install the unit wherever you need in your home or garage, but beats the Tesla Powerwall 2 in every single category! The RHINO has 500 more watt-hours of capacity, has a 200% greater lifespan, utilizes LFP, the safer chemistry compared to NMC in the Powerwall 2, and is significantly more cost-effective. Did we mention that it's completely fireproof? That's right, the RHINO utilizes cutting edge Razor cells capable of being fully punctured without releasing toxic fumes or catching on fire.
