

3kw inverter with lithium battery

3kw inverter with lithium battery

The EG4 3000 EHV-48 combines the capabilities of a 3000W inverter, MPPT solar charger, and battery charger to provide uninterrupted power support to your system. The inverter/charger's comprehensive LCD display allows you to easily customize the settings for your system. Additionally, the EG4 3000 EHV-48 supports parallel connection of up to 12 units and offers overload, overtemperature, and short circuit protection, making it safe and efficient.

DC Input Voltage Range: 120VDC – 450VDC Number of MPPTs: 1MPPT Efficiency: 97% Dimensions: 17.6" x 11.6" x 4.1" (44.7×29.5×10.4cm) Weight: 21.6 lbs. (9.8kg) Parallel: Up to 12 units for a max of 36kWs of continuous AC power.

The EG4 3000EHV-48 is a 3000W all-in-one, multi-function inverter/charger; it combines the capabilities of an inverter, MPPT solar charger, and battery charger to offer uninterrupted power support in a single, portable-sized package. Its comprehensive LCD display offers user-configurable and easy-accessible button operation including battery charging current, AC/solar charger priority, and acceptable input voltage based on different applications.

This compact powerhouse is perfect for small barn builds and small critical loads panels as it easily supports lights, an average fridge/freezer, or a 9K BTU Mini Split.

Due to high demand, this item is temporarily unavailable. You can place your order now to reserve it, and we'll provide an estimated shipping date as soon as possible.
