

410 kWh solar cell

410 kWh solar cell

Harness the sun's energy with unparalleled efficiency and performance. QCells 410W solar panels deliver industry-leading power output, generating more electricity for your home or business than ever before.

Aesthetically pleasing and versatile: Sleek all-black design: Enhances the look of your roof while maximizing energy capture. Ideal for both residential and commercial applications: Scalable solutions for any energy need. Invest in the future of energy with QCells 410W solar panels. Experience the power of innovation, efficiency, and sustainability.

Every system we sell is backed by our 100% money-back guarantee. If for some reason your permit doesn't get approved, we'll refund your purchase in full. (See terms and conditions)

Some permit applications may require one or more plan revisions and resubmissions. Please supply us with all information necessary to make these revisions. Permit must be applied for with the city within 30 days of delivery of the permit package and any resubmissions must be resubmitted within 14 days of receiving the revised plans.

Our guarantee does not apply to installations on unsafe structures, unpermitted structures, ground mounts, structural engineering, structures not constructed to local building codes and other atypical building designs. This guarantee only applies to our standard solar system kits, it does not apply to custom orders or solar systems not designed by our engineers.

With a higher efficiency rate than previous series, the Q.PEAK DUO BLK ML-G10+ is the first 400W module for the residential market and takes high performance to a new level. The G10+ module utilizes Q CELLS' zero gap Q.ANTUM DUO Z technology to boost module efficiency up to 21.1%. The module is also backed by a 25-year product and performance warranty that guarantees at least 86% of nominal power up to 25 years.
