

45 kWh solar lithium battery inverter set

45 kWh solar lithium battery inverter set

Compare our lithium battery kits, available in configurations of 1, 2, 3, and 4 units, to find your ideal power solution. Explore their range of amp hours (Ah) and kilowatt hours (kWh) to make an informed decision.

Introducing the BatteryEVO 48V 45 kWh LiFePO4 KONG ELITE Battery 3X Kit - your definitive solution for building a comprehensive solar or off-grid power system.

The KONG ELITE stands out with its incorporation of an advanced Battery Management System (BMS), engineered to extend performance even under the challenging conditions of winter. Equipped with high-quality LiFePO4 cells and designed with mobility in mind, thanks to its sturdy caster wheels, the KONG ELITE offers unparalleled storage flexibility, allowing for optimal placement according to your needs.

This unit not only sets a new benchmark for BMS protections within its class but also guarantees a continuous power supply, adhering to the highest safety protocols. The addition of an integrated LED Smart Display provides instant access to vital battery health and operational status information, including real-time monitoring of various performance metrics.

Elevate your power setup and maximize your energy capacity with the KONG ELITE today. It represents one of the most potent and reliable off-grid and home power storage options currently available, all backed by our comprehensive 10-Year Warranty. For those aiming to significantly enhance their energy infrastructure, the 48V KONG ELITE is the starting point.

Our standard shipping process ensures swift order fulfillment, with packages typically dispatched within 24 to 48 hours. Your estimated delivery times are as follows:

If you wish to update or change your shipping address, kindly email us your revised shipping details, and we will be more than happy to make the necessary changes in our system to ensure a seamless experience for your future transactions.

Once your order is shipped, an email containing your tracking number and a convenient link to monitor your package's journey will be promptly sent to you. Keeping you informed every step of the way is our commitment to exceptional service.

We take pride in our dedicated customer service team, poised and ready to address your inquiries between 8:00 AM and 5:00 PM PST. Your satisfaction is our mission, and we're here to assist you during our business hours.

While our advanced shipping system is designed to detect any incorrect addresses, we understand that changes

45 kWh solar lithium battery inverter set

may arise. Feel free to reach out to us via email or phone to provide us with any updates or corrections to your address. Your convenience is our priority, and we're here to assist you promptly.

We proudly ship to USA Mainland addresses. Due to the hazmat nature of our batteries, we are currently unable to facilitate international shipping. However, for our international customers, we do offer the flexibility for buyers to arrange their own shipping to their desired destination country. Your convenience and satisfaction remain at the forefront of our service.

As some of our packages may exceed standard shipping dimensions, your order may arrive in multiple packages. To streamline your tracking experience, we provide a Master tracking number, with each individual package's tracking number conveniently attached for your reference. Your order's safe and efficient delivery is our top priority.
