

Atlas copco careers

Did you know that family time often involves a lot of products that Atlas Copco played a key role in manufacturing? Learn more about how Atlas Copco serves multiple industries, and ultimately you, inside this interactive picture.

At current rates, greenhouse gas emissions will increase average global temperatures by 4-6°C by the end of this century, resulting in unmanageable climate change. This means that we all need to do more, and faster. This is why we have set science-based targets to reduce greenhouse gas emissions in line with climate science. We are fully committed to being part of the solution for a better tomorrow.

Imagine yourself working in a company shaped by endless innovation. With us, you are given plenty of freedom to follow your ambitions and act as an entrepreneur, surrounded by the stability of a leading company. When you join Atlas Copco you get a great deal of responsibility from day one. Why? Because we know that you have the drive and the ability to make sound decisions - and will ask for help when you need it. We feel strongly about promoting equal opportunities and growing sustainably with a long-term perspective. Discover more about our approach to diversity and inclusion.
