At BEST, we pride ourselves on having a steadfast commitment to excellence whilst we navigate the complexities of global markets to deliver results to our clients.

Our approach is to ensure that transparency, integrity and client satisfaction are at the core of our trading philosophy. We operate with unwavering ethics and integrity to ensure that every transaction is conducted with the utmost professionalism and fairness. At the heart of our operations lies a steadfast commitment to excellence.

Our clientele embodies a diverse spectrum of industry giants, from esteemed national oil companies to multinationals, all entrusting us with their vital energy needs. With over 90 registered vendors, our network is robust and meticulously curated to ensure the highest

We are redefining the landscape of midstream and downstream energy opportunities where our commitment is to foster sustainable growth within the domestic market.

We understand the critical role of midstream and downstream operations in maximizing the value chain of natural gas resources. Through strategic partnerships, we are actively engaged in domestic projects aimed at optimizing Brunei Darussalam's gas processing infrastructure and enhancing revenue streams.

We are dedicated to meeting the burgeoning energy demands of the nation. Through targeted expansion initiatives, we aim to address the country's domestic energy requirements effectively and contribute to the establishment of a reliable and sustainable energy ecosystem, powering both businesses and households.

In the dynamic world of upstream energy exploration and production, where our sister companies are at the forefront of unlocking the potential of oil and gas reserves both domestically and internationally. As partners in producing blocks operated by major industry players, we are committed to driving excellence and innovation in every facet of operations.

Through strategic alliances with leading oil and gas operators, we have secured a foothold in producing blocks in Brunei Darussalam, Canada and Malaysia. In the domestic landscape, we are actively engaged in maximizing the potential of the blocks, contributing to the nation's energy security and economic prosperity. Internationally, we collaborate with our partners to unlock new frontiers and capitalize on emerging opportunities.

JEL (Borneo) Sdn Bhd, a wholly owned subsidiary of Jurong Engineering Limited, Singapore, was incorporated on 23 July 2014 with a view to expand into the Brunei Darussalam engineering and construction

Bandar seri begawan energy storage companies

sector. JEL (Borneo) Sdn Bhd is well equipped to provide extensive engineering and construction services to power generation, industrial processing as well as petro-chemical plants in Brunei Darussalam.
