

Battery solar kit 470 kWh

Battery solar kit 470 kWh

WORLD'S THINNEST WALL MOUNTED BATTERY! BigBattery's 48V 14 kWh LiFePO4 RHINO is here and if you're looking to create a powerful solar or off-grid system, the RHINO is your answer.

The RHINO is not only a mere 4 inches thick, allowing you to discreetly install the unit wherever you need in your home or garage, but beats the Tesla Powerwall 2 in every single category! The RHINO has 500 more watt-hours of capacity, has a 200% greater lifespan, utilizes LFP, the safer chemistry compared to NMC in the Powerwall 2, and is significantly more cost-effective. Did we mention that it's completely fireproof? That's right, the RHINO utilizes cutting edge Razor cells capable of being fully punctured without releasing toxic fumes or catching on fire.

The RHINO comes with a wall mount that is easily assembled and installed so you can get powered faster, and an LED Smart Display so you can always monitor the health and status of your RHINO. If you're looking for a safe, reliable, and high capacity solution for your off-grid or solar applications, pick up a RHINO today!

I had two minor issues with my order, a missing cable and a hole in one of the solar panels. The Solar Kits rep jumped right on it and got the cable out to me and organized getting a replacement panel real fast!! The hole in the panel was a shipping problem not a manufacturing problem.

Returns are free in the first 30 days with no restocking or processing fees, although the customer may be responsible for paying return shipping. See our complete return policy on our [Shipping, Delivery, and Returns](#) page linked in the footer of this website.

Our returns policy covers all purchases made through Shop Solar. For warranty issues, as authorized distributors, we honor the full manufacturer warranty of ALL the brands on our website. See our complete returns and warranty policies on our [Shipping, Deliver, and Returns](#) page.

All orders are processed within 72 hours and you can expect delivery on most orders within 5-7 business days. You will receive access to our customer portal after ordering, where it is easy to track all your shipments. See our [Shipping, Delivery and Returns](#) page for more details.
