

Cell towers on private property

Cell towers on private property

Have you been approached to place a cell tower on your property, or have you recently acquired a property that has a cell tower on it? Are you curious about the potential impact of a cell tower on your property in the future? Here at Steel in the Air we have assisted around 3,500 clients across the US since we started this business in 2004. We have identified the top 5 pros and the top 5 cons about having a cell tower on your property.

If you are looking for help getting a cell tower on your property, that's something we can help with. However, you can submit your property directly to tower companies and wireless carriers for consideration.

Wow, I thought it was interesting when you explained that one of the advantages of having a cell tower on your property is that you can get \$1059 a month as a reimbursement. If I was in this situation, I would just be happy knowing how much good the cell tower is doing. Knowing that people are able to communicate with their friends and family is a good thing.

An eastlink tower down hill is sending a EMR signal directly through my house creating a 24 7 ringing in my ears. This is not even considering a possible cancer EMR effect. What can I do.

A friend and prospective Business Associate purchased a former church about two years ago -with a steeple on it that is the highest point in the community. I'm researching getting a cell-tower located on his building -which we both believe could SIGNIFICANTLY Improve cellular service in the area for all in the community. Please contact me at 570-325-4769 -which is my cellular number if you have any information I could use -or if you know of a specific person I could contact, that would be GREAT !

Such a fascinating read on the pros and cons of having a cell tower on your property! It's refreshing to see a balanced exploration of the topic, shedding light on both the benefits and considerations. Well done on providing valuable insights that can guide property owners through this decision-making process. ?
