

Dakota 10 ah lithium battery

Dakota 10 ah lithium battery

The Power Box helps keep all of your electronics charged up and ready to go while giving you the freedom to use one battery to power many things. 12v Dakota Lithium LiFePO4 10Ah battery and charger included.

Battery is protected by a BMS that prevents overheating and extends life. Electronics are fuse protected off the positive battery lead with a 10 Amp fuse. Built to last.

All batteries are UN38 certified. Dakota Lithium's cells are UL1642 certified and have been tested per IEC62133 standards. Meets all US & International regulations for air, ground, train, & marine transport.

12V 3A LiFePo4 charger. Dakota Lithium 12V batteries should be charged at 14.4 volts. Lead acid chargers will work, but will only charge the battery to 80% of capacity.

The Powerbox 10 is built with Dakota Lithium's legendary LiFePO4 cells. 5,000+ recharge cycles (roughly 5 year lifespan at daily use) vs. 500 for other lithium batteries or lead acid. Optimal performance down to minus 20 degrees Fahrenheit (for winter warriors). Plus twice the power of lead-acid batteries at half the weight.

I was looking for a power source for my Ham radio Wouxun KG-UV980P. The Powerbox 10 seemed to be my best choice. All pack into my backpack for a fun afternoon in the woods.(can't attach a photo)

Such an awesome product! I wanted something small that can fit anywhere on my truck. It is simple and easy to setup right out of the box. Once it's unpacked, just connect the battery and it's ready to go within minutes.

Good evening, this battery box is fantastic! Run an HF ham radio for approximately 5 hours are more dependent on transmissions. Customer service is excellent. Had a crack in the box upon delivery and they sent me one no questions asked, I did send them photos. Everything just works great including the lithium battery charger. The lights are very bright. The only improvement would be a place to plug the battery charger in on the outside of the box.

Used this twice so far. Everything was just as advertised. incredibly light weight and powerful. And Eric Williams of your support team is great! Helpful and responded quickly to my questions. Combination of a great product and great service is awesome!
