

Dakota lithium power box 10

Dakota lithium power box 10

Whether you are camping in a tent, cruising in your kayak, or working off grid, the Dakota Lithium Powerbox helps keep all of your electronics charged up and ready to go. Built to power all your passions, the Powerbox gives you the freedom to use one battery to power many things.

Designed to be a universal and mobile power station, including two USB charging ports, a 12v car plug, and binder posts. For night time use the Powerbox 10 comes equipped with a high efficiency LED flashlight. For longer expeditions solar panels can quickly be connected to the binder posts, providing you with dependable power. All built in a water/shock resistant case. 12v Dakota Lithium LiFePO4 10Ah battery and charger included.

Fish longer, play harder, and go further with a battery that never needs to be plugged in. This package combines our waterproof, lightweight, and fast charging 50w solar panel with the rugged Powerbox 10 to create a power source that can be recharged in just 3 hours of direct sunlight!

Battery is protected by a BMS that prevents overheating and extends life. Electronics are fuse protected off the positive battery lead with a 10 amp fuse. Built to last.

All batteries are UN 38 certified. Dakota Lithium's cells are UL1642 certified and have been tested per IEC62133 standards. Meets all US & International regulations for air, ground, train, & marine transport.

The Powerbox 10 is built with Dakota Lithium's legendary LiFePO4 cells. 2,000+ recharge cycles (roughly 5 year lifespan at daily use) vs. 500 for other lithium batteries or lead acid. Optimal performance down to minus 20 degrees Fahrenheit (for winter warriors). Plus twice the power of lead-acid batteries at half the weight.
