

Eco worthy 12v 280ah battery

Eco worthy 12v 280ah battery

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"Its a huge lithium battery with an affordable price. Takes a while to charge initially on solar power (360 watts) but the capacity is great...." Read more

".. en running it a few days but from what I can tell there's plenty of reserve power aside of running the fridge to charge my laptop and other..." Read more

"...They ran my A/C 4+ hours. This is a good value and much better than low budget options on ali*pr*s that take 2 months to ship and never even arrive..." Read more

"...together in a custom designed, powder coated steel cage, neatly secured together and protected with a dense foam product on all sides...." Read more

"...This battery not only lasts 48 hrs + but now my inverter is much stronger and can run microwave at the same time and/or space heaters...." Read more

"...This unit is drop in ready, about 5 times the reserve capacity(remember lithium can be discharged close to 0% vs. about 50% on leas acid) has built..." Read more

"This battery works great! Capacity is as it states. holds up terrific. Buying another to increase capacity. Buy these, they are a great buy." Read more
