

Electricity bills niue

Electricity bills niue

For now, you can obtain a decoder key from the office of the Niue Philatelic and Numismatic Corporation (NPNC) at the Fonuakula Business Complex. You will need to enter the decoder key into your power meter before entering your power token. The decoder key only needs to be used once, as it will reset the TID reference date in your power meter. After this, you can top up as usual.

We sincerely apologize for any inconvenience caused as this process has progressed more quickly than anticipated. It is essential that all residents obtain a decoder key to reset their meters before November to avoid any disruption to their electricity services.

In 1974 Niue became a self-governing state in free association with New Zealand. The Niue Constitution provides that there shall be a Public Seal of Niue (in this Constitution referred to as the Seal of Niue), to be in such form or forms as the Cabinet from time-to-time approves.

The Seal of Niue may be used by the Speaker for the authentication of any public document in relation to the Government of Niue or for the execution of any document required by law to be executed under the Seal of Niue...

An Act to promulgate the design and use of the Seal of Niue and to provide for the Coat of Arms matters. This Act comes into force on the day after the date on which this Act becomes law in accordance with Article 34 of the Constitution.

Made by Cabinet under section 7 of Niue Act 2021. These are the Seal of Niue and Coat of Arms Regulation 2021. These regulations come into force on the date which they are made in accordance with Article 13 of the Constitution.

This is the Niue Government Gazette Act 2022. This Act comes into force on the day after the date on which it becomes law in accordance with Article 34 of the Constitution.
