

Electricity rates ulaanbaatar

We supply electricity to approximately 390 thousand customers in 8 districts of Ulaanbaatar and 16 soums of Tuv province, which equals 50% of the total population of Mongolia.

Ulaanbaatar czaxilgaan tuge`e`x sulzhe`e` TO`XK n` borluulalt, zasvar ujlchilge`e`, texnikijn no`xczo`l, zo`vlo`mzhuudijg xurge`de`g.

Installation, repair and sales of electromechanic, electronic and impulse 1- or 3-phase-power meters and current transformers permitted in Mongolia. Training and qualification of engineers and electricians working in field of operation, repair and maintenance of power lines and substations of 35/10/6/0.4 kV.

According to a study, 45 percent of the 788 thousand households in Mongolia consume electricity up to 150 kWh each month, 40 percent use 150-300 kWh, and 15 percent use more than 300 kWh. In addition to the current two tariffs for electricity, daytime and nighttime, a new evening "Peak Hour Tariff" is being introduced.
