The current study does not use any scientific datasets. In the present paper, information, facts, and figures are duly cited and appropriately added in the references.

Md Mustafa Kamal and Arshad Mohammad worked on the manuscript conceptualization, simulation, model creation, results analysis, and verification. Imtiaz Ashraf and Eugene Fernandez drafted the first draft of the manuscript, oversaw the work throughout, confirmed the findings, and approved the final draft. The final manuscript was reviewed and approved by all authors.
