

# Powerhouse lithium battery 12v 30ah

Powerhouse lithium battery 12v 30ah

Lithium marine batteries are a type of rechargeable battery that uses lithium-ion technology. Unlike traditional lead-acid batteries, these batteries offer a higher energy density, a longer life cycle, and faster charging times. They're designed specifically for marine environments, making them ideal for boats, yachts, and other types of watercraft. But you don't want to rely on the wrong one!

At PowerHouse Lithium, we understand how important your marine batteries are to ensuring you enjoy your trip and get back to land safely. Our wide selection of products will ensure you get exactly what you need at an affordable price. If you want a lithium-ion marine battery you can depend on through thick and thin, we're here for you!

Since day-one at PowerHouse Batteries, our goal has been to exceed the limits set by other manufacturers. We started by manufacturing the first and only 16 volt performance marine graph battery. This is only the beginning.

Here at K and K Kustomz we pride ourselves first and foremost on customer service. The reason we are in business is to make purchasing high end marine performance products and accessories comfortable.

Returns are accepted for 30 days from original purchase on unopened items. Return shipping charges are the responsibility of the buyer. A 15% restocking fee will be deducted from the return. (18% on all Power House lithium branded products, unused and in factory packaging ) All software related items such as mapping cards ( even if unopened) are NON REFUNDABLE. Please call to obtain a RMA# before returning any item.

Refunds can be processed on unshipped paid items and or items that were preordered and prepaid however a 3% fee will be charged due to non refunded credit card fees on our end from Paypal as well as Credit card processors.
