This item has been tested to certify it can ship safely in its original box or bag to avoid unnecessary packaging. Since 2015, we have reduced the weight of outbound packaging per shipment by 41% on average, that's over 2 million tons of packaging material.

To calculate the overall star rating and percentage breakdown by star, we don"t use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"Plugged into solar panel and it turned on right away. Very good air flow. Bought for our little hobby farm barn and it makes a huge difference!..." Read more

"...The downside is build quality of the fan isn"t great. At speeds of 6+ it wobbles, I had to put a pad under it to stop the annoying thumping...." Read more

"...This fan is awesome. It lasts 3-nights on the lowest setting if you just want the wind to be moving, and it works on the highest setting for a full..." Read more

"After just short of a year both fans no longer work. We only use them for camping so they are not used constantly. Disappointing at best...." Read more

"...I only can solar charge as the plug for electric never worked. So I gave it a 4. By the time I tried the plug it was too late to send it back...." Read more

"...like others this will wobble (just adjust it folks) but the usb charger does not charge. It is quick to charge and the battery life is great." Read more
