Retail store energy storage kuwait

We're a General Trading company, passionate about serving our clients to the fullest, while continuously growing, learning, and innovating. With competencies across multiple industries, we offer our customers a more reliable supply chain and confidence in the long life of their program.

We specialize in central air conditioning (CAC) and have the ability to cater to all your unique project requirements. Alaska is an Alghanim Engineering - owned brand that was jointly developed and produced by AGMCO to provide ultimate indoor comfort.

Alaska is an air conditioning system solution with an American Design that is economic, efficient, and a comfortable. With easy installation and strategic design, Alaska units are perfectly suited for Kuwait's harsh climate conditions to guarantee long and trouble-free operation.

Alghanim Engineering has been the exclusive Hitachi agent for over 50 years. During that time Hitachi has become one of the most well know and trusted brands in the Kuwaiti market.

Alghanim Engineering research and development teams are always looking for new ways to stay innovative as a leader in the market. With the latest technology Midea's new DX units are exactly that.

Midea's air conditioning units are designed and manufactured to meet the requirements of Kuwait's harsh climate and conditions creating a comfortable, quiet, and high quality life for you.
