

Solar energy for homes port louis

Solar energy for homes port louis

Solar Center's solar solutions are tailored to your needs. Whether you're an individual or a company, we can provide you with a customized photovoltaic system for your electricity needs.

Installation is carried out by our own technicians or by partner installers who have been audited and trained to our exacting quality standards. On any day, the installation of your panels is fully insured and secured to protect both your home and the safety of our technicians.

The MAURITIUS SOLAR CENTER is unique in the world. All types of photovoltaic solar panels and all types of mounting systems are on display. Over 1,000 m² of roof-top showroom, over 1,400 m² of office and warehouse space (Design Office, Laboratory, Engineering, Storage area, Maintenance, Repair). Open to the public 7/7.

SOLAR CENTER MAURITIUS is the only expert in photovoltaic solar energy in Mauritius for over 15 years.) We are more specialized in rooftop solar installations: houses, offices, commercial buildings, agricultural buildings, warehouses, ...

Let's get you pricing customized to your home. Our team of energy consultants can provide you with a monthly savings projection, estimated pay off period and provide a variety of financing options. They will also be available to answer any additional questions you may have.

Solar energy is the future of clean and affordable power that reduces our carbon footprint and transforms the way we live and work. With increasing affordability and efficiency, it's accessible to all, empowering homes, businesses, and even vehicles with a sustainable energy source. Embrace solar energy to save money, protect the environment, and pave the way to a brighter, greener future.

At Azimuth Renewables, we are a full-service solar energy development company located in the heart of the Midwest. Based in St. Louis, Missouri, our reach extends nationwide, delivering clean, affordable, utility-scale solar projects that benefit everyone involved.

Our proven track record showcases our commitment to working closely with local stakeholders to deliver solar solutions that are not only innovative but also benefit you and your community. We pride ourselves on our ability to offer affordable, innovative solutions tailored to your specific needs.

Partnering with Azimuth Renewables means joining a network of forward-thinking individuals and organizations dedicated to creating a sustainable future. Our projects are designed to provide robust returns while benefiting the communities they serve. Contact us to learn more.
