

Solar installation dodoma

Solar installation dodoma

Power Providers designs, supplies and installs high-quality solar power solutions and provides professional support services for its clients. Service is our strength. We operate all over Tanzania and will probably soon be in Dodoma again to install another one of our systems.

We provide these products and services through our skilled professionals who are trained to understand the unique energy needs of each client we work with, and who specialize in designing and installing specific solutions for each of our clients.

With over 20 years of expertise in solar energy, ENSOL is a trusted EPC (Engineering, Procurement, and Construction) company serving East Africa and beyond. We specialize in delivering end-to-end solutions for solar energy projects, from the initial concept to final commissioning. Whether ground-mounted or rooftop PV systems, ENSOL provides tailored solutions to meet the unique needs of residential, commercial, and government clients. Our comprehensive services include:

ENSOL's expertise ensures that every project we undertake is built to deliver long-lasting value, environmental benefits, and client satisfaction. Operation & Maintenance Sustainability is at the heart of ENSOL's mission. We ensure the long-term success of solar PV projects by offering organized and reliable operation and maintenance services, helping our clients maximize performance and efficiency.

Established in August 2001, ENSOL (T) LIMITED is a Tanzanian-owned company, specializing in electrical and solar energy solutions. As an experienced EPC (Engineering, Procurement, and Construction) contractor, we are registered with Tanzania's Contractors Registration Board (CRB) and regulated by the Energy and Water Utilities Regulatory Authority (EWURA). ENSOL is also a corporate member of the Tanzania Renewable Energy Association (TAREA) and the Alliance for Rural Electrification (ARE), reflecting our commitment to advancing renewable energy initiatives.

Is the leading provider of renewable energy with the expertise to provide tailored services across Tanzania and operate projects that contribute to our goal of a low carbon and a sustainable future.

ACSOLAR provides top-notch solutions for water projects specifically solar powered water projects, all the way from drilling, pump installations, distribution and management of the system

ACSOLAR works with a team of highly skilled and specialized staff who put in a lot of effort in their work to surpass the clients expectations and guarantee satisfaction.
