OverviewHistoryGeographyPolitical statusPoliticsDemographicsEconomySee alsoSouth Ossetia, officially the Republic of South Ossetia or the State of Alania, is a partially recognised landlocked state in the South Caucasus. It has an officially stated population of just over 56,500 people (2022), who live in an area of 3,900 square kilometres (1,500 sq mi), with 33,000 living in the capital city, Tskhinvali. As of 2024, only five members of the United Nations (UN) recognise South Oss

On several occasions in March, June and September, Gamsakhurdia, who tried to use South Ossetia to strengthen his own grip on power in Georgia (Wennmann 2006: 14),

A major route between Europe and Asia, the Transcaucasian Highway, one of only two land routes between Russia and Georgia, cuts through South Ossetia. Georgia is also vital

South Ossetia War, 2008. During the lead-up to Russia's 2008 invasion of the South Ossetia region in Georgia, Russian hackers launched a cyberdefamation campaign against its enemy.

At the end of August 2008, after Russia's invasion of Georgia and a war that killed some 850 people, Moscow unilaterally recognised the independence of Abkhazia and South Ossetia, two separatist

DOE is offering targeted support to communities seeking to improve their energy resilience by transitioning from fossil fuels to 100% clean electricity, as well as

South Ossetia South Ossetia is a self-declared and de-facto republic with limited recognition which has seceded from Georgia. It is under the control of Russia, that can be considered an occupying power fully responsible for "border control" and military defense. Overview: Map: Directions: Satellite: Photo Map: Overview: Map:

Abkhazia and South Ossetia are separatist regions of Georgia in the Caucasus. Most countries recognise them as part of Georgia, while Russia, Venezuela, Nicaragua, Nauru, and Syria regard them as independent. Russia's initial recognition of the independence of Abkhazia and South Ossetia occurred in the aftermath of the Russo-Georgian War in

has coal, and Georgia has oil, gold, copper, manganese, and coal. This article describes the background of the Russo-Georgian War .

The 1991-1992 South Ossetia War (also known as the First South Ossetia War) was fought between Georgian government forces and ethnic Georgian militias on one side and the forces of South Ossetian separatists and Russia on the other. The war ended with a Dagomys Agreement, signed on 24 June 1992, which established a joint peacekeeping
