

Spain solar energy companies

The Spain Solar Energy Market size in terms of installed base is expected to grow from 34.49 gigawatt in 2024 to 72.32 gigawatt by 2029, at a CAGR of 15.96% during the forecast period (2024-2029).

The Spanish solar energy market is segmented by type and deployment type. By type, it is divided into solar photovoltaic (PV) and concentrated solar power (CSP). By deployment type, it is divided into rooftop and ground-mounted. The report also covers the market size and forecasts for Spain's solar energy market. For each segment, the market sizing and forecasts are done based on installed capacity (GW).

The Spanish solar energy market is semi-fragmented. Some of the major players in the market (in no particular order) include Acciona SA, Iberdrola SA, The Red Eléctrica Group, COBRA Group, and Solaria Energia y Medio Ambiente SA.
