Sungrow 9 6 kw battery

A durable and sturdy energy storage option is the Sungrow SBR battery. It provides astoundingly 100% useable energy, offering you the finest possible energy storage. If you have access to a web-based or mobile monitoring portal, you can manage your solar energy from any location. In the event of a grid disruption or power loss, the SBR battery can even provide backup power for essential loads. For those who want their houses to be prepared for anything, it is the ideal choice.

With a Sungrow battery installed, you may feel secure because of its multi-stage protective design and authorised safety certifications. You can rest easy knowing Sungrow will be there for you for the duration of the battery system's warranty if anything goes wrong because they offer full local assistance to Australian households.
