

Tonga electricity rates

ENERGY COMMISSION: ELECTRICITY TARIFF EFFECTIVE FROM 1 JANUARY 2024. The Tonga Competent Authority has approved to increase in the regulated price of diesel effective 18 December 2023. This has contributed to increase of 25.53 seniti per litre from the last regulated price of diesel in October 2023.

Tonga Power Limited is continuously reviewing and adjusting your power bills for the months of July, August, and September 2023, in accordance with the approved subsidy rates for the September 2023 quarter. Provided below is the cabinet approved subsidy component:

The new electricity tariff to adopt by Tonga Power Limited is \$0.9603 and will be review on a quarterly basis with respect to the movement in diesel prices and on an annual basis according to the movements in inflation.

NUKU"ALOFA, TONGA (1st November 2019) -- Tonga Power Limited hereby notifies all electricity consumers in Tonga that the Electricity Commission has approved the new power tariff of 81.20 seniti per kWh, an increase of 4.1% from 79.90 seniti, effective from 1st November 2019.

The new starting tariff of 90.03 seniti/kWh is the new electricity tariff adopted by Tonga Power Limited, effective on 1 April 2024. The Renewable Energy (RE) Sources of TPL 's total monthly power generation impact on their prices is included in this tariff calculation.

We are delighted to inform you that the government has extended the electricity price subsidy for the September 2023 quarter. This initiative aims to provide continued support from government to our valued customers. We want to ensure that you are aware of the revised rates that will be implemented during this period. Please read this notice carefully for all the pertinent details.

Tonga Power Limited is continuously reviewing and adjusting your power bills for the months of July, August, and September 2023, in accordance with the approved subsidy rates for the September 2023 quarter. Provided below is the cabinet approved subsidy component:
