Georgia Gas Savings's Bronze Tier providers are solid retail natural gas providers that have a lot to offer customers. These companies represent good options for discerning shoppers and have lots to offer customers. There are plenty of good companies offering good plans that can fit what consumers are looking for in their company.

If you're moving to Georgia, it's important to know that Georgia is a deregulated natural gas market. Which means you can compare, shop and order some of the lowest natural gas prices in the US. If you're moving to a deregulated area, you can use Georgia Gas Savings to compare and order an affordable rate.

Simply enter your zip code to compare natural gas plans then select your move-in date during the checkout process. You'll receive a confirmation email and an order id to track your new service connection.

Augusta residents, don't miss out on your chance to save on natural gas this fall. Compared to last year, gas prices have held onto the cheaper end of the scale this year. It's been a great year for savings on GA gas prices. And fall is an ideal time to sign up for a long term plan. This is because fall is a shoulder period where demand is usually low. Shopping plans during lower demand can mean locking in lower prices, year after year. Not sure where to start to find the best plan with the best savings? Shop our best recommended gas plans for Augusta now.

Firstly, it's the Xoom Energy SureLock 12 plan at \$0.449 per therm. The plan has a \$100 ETF and \$5.85 monthly charge. According to the Georgia PSC, a year ago this plan was at \$0.559. So it's about 20% cheaper today. Xoom Energy continues to be a low price leader, but other suppliers have competitive rates, too!

For example, the Georgia Natural Gas(R) 12 Month Fixed plan has a \$0.459 per therm rate. It also has a sliding scale ETF, \$100 in the first 6 months and \$50 in the last 6 months. The monthly charge is \$5.99-\$8.99. Compare today's price with the PSC price from a year ago of \$0.749. It's nearly 40% cheaper today!

Again, we have Xoom Energy with the SureLock 24 plan at \$0.509 per therm. It's a higher price, but you lock that in for 2 years. The plan has a \$200 ETF and \$5.85 monthly charge. According to the PSC, last year this

Xoom gas

plan was \$0.539 per therm. Upgrading today is about 5% cheaper.

Lastly, we have the Scana Energy 12 Month plan at \$0.499 per therm. The plan has a \$150 ETF and a \$6.95 monthly charge. Last year., this plan was \$0.679; today it's about 26% cheaper.

Now you see that many of our natural gas rates, including our recommended plans, are significantly cheaper today than they were a year ago. But let's put that to you another way. If you got your natural gas plan about a year or so ago, you could be paying up to 40% more for natural gas than if you switch today! So, visit us now at <https://> and start saving more!

September is a shoulder month! That means the lower demand for natural gas can translate to lower plan prices. Even better, this September, Georgia gas rates for our long term plans are, on average, 5 cents cheaper than last year! With La Niña expected to show up soon, northern states could see a colder than average winter. Colder weather means higher demand and possibly spiking gas prices. So, it's a great time to compare natural gas plans and snag one of the best long term Georgia gas plans for winter savings.
